ROUND TABLES: EXPLORING AND DISCUSSING THE INITIATIVES PRESENTED

In these roundtable discussions participants will have the
opportunity to identify some key issues which will then be
shared and discussed in the plenary session.

Facilitators will structure the discussion to address certain questions:

- In what ways do we need to take the diversity of digital
platforms and the sectors they operate in into account?
- What innovative practices already exist? What lessons
can be learned from them?
- How can digital platforms, and the new ways
of working linked to them, lead us to reconsider areas,
topics and tools for 'professional dialogue'?
